

## **Ensemble Discovery to Present at Sachs Associates North American Biotech Forum**

Cambridge, Mass. (March 10, 2006) – Ensemble Discovery Corporation announced today that President and CEO, Richard F. Begley, Ph.D., will be presenting at the Sachs Associates 5th Annual North American Forum for Investing and Partnering in Biotech at 5:10 p.m., March 13, 2006, at the Fairmont Copley Plaza hotel in Boston. Dr. Begley's presentation will be webcast live and can be accessed by visiting the Ensemble Discovery web site at [www.ensemlediscovery.com](http://www.ensemlediscovery.com).

### **About Ensemble Discovery**

Ensemble Discovery Corporation, located in Cambridge, MA, is developing a novel approach to chemical discovery based on a highly integrated set of processes that combine chemistry, biology and nanotechnology. Central to its approach is DNA Programmed Chemistry (DPC), an innovative method for chemical synthesis based on the groundbreaking work of Professor David Liu of Harvard University. Ensemble aims to generate new products that address significant unmet needs in therapeutics, detection and other specialty chemical markets.
